**MyRESETPLANS** Tool is one of LIW's Business Intelligence (BI) dashboard tools that provides warfighters the capabilities to manage their RESET planning process. MyRESETPLANS will...

- Provide Warfighters, Commanders, Strategic, Operational and Tactical Managers, and LCMCs visibility of Sustainment and Field level RESET plans/status
- Provide executive level analytical visibility and actionable knowledge of Army Brigade Combat Teams and individual units in the RESET process
- Display tracked metrics for the redeploying units' Plan Build Timelines, Plan Execution Timelines, and Disposition Response Times from the LCMCs
- Enable viewing of individual plans and statistical summaries.

*Test drive the MyRESETPLANS Operational Capability today, and provide feedback to your LOGSA Channel representative.*

Unclassified

# KEY FEATURES

- Provides visibility of units' RESET process
- Provides visibility of LCMC Disposition Response Times
- Identifies areas of concern for quick resolution

**MyRESETPANS** is a Business Intelligence (BI) tool designed for management of the RESET Planning Process. Fielding of the toolset within LIW will complete MyRESETPANS as a top notch tool for use at all levels, including the Warfighter, Commanders, Strategic, Operational, and Tactical Managers, and the LCMCs. New BI tools provide user friendly dashboard presentation and navigation, source data integrity, and drill down capability.
