

Help Wears Black Hats

When a maintenance or supply problem pops up, you want real help, right now! Did you know that help is as close as your nearest logistics assistance office (LAO)?

The US Army Materiel Command's LAO Program has logistics assistance representatives (LARs) all over the world. Their job is to help you solve your maintenance and supply problems.

If LARs don't have the answers right at their fingertips, they know where to get them. They have contacts with equipment managers, engineers, repair specialists and pubs folks.

If you don't know where the nearest LAO is located, you can find out at
<http://www.logsa.army.mil/directories/maindir.htm>. There you'll find a list of all the Army's LAOs, complete with addresses, phone numbers and e-mail addresses.
