

HMMWV...

The following snow plow kits have been developed for use on many HMMWV models by the Army's Cold Regions Research and Engineering Laboratory (CRREL):

- * The complete package kit, NSN 3820-01-473-2777, which includes the snow plow with hardware and hydraulics.
- * Removable plow assembly, NSN 3820-01-473-2783.
- * Affixed vehicle plow kit hardware, NSN 3820-01-473-2793.

Instructions come with each kit, but only depot is authorized to install it on your HMMWV. If your maintenance facility doesn't have depot capability, call the CRREL at DSN 220-4470 or (603) 646-4470. They can help you arrange an appointment with the plow's manufacturer to install it on your HMMWV.

The plow can be mounted on all basic M998, M1037 and M1097 models except those with a winch.

Never drive over 10 mph

FMTV...

DOOR HANDLE NO HANDHOLD

Operators and mechanics, the door handle on FMTVs is no handhold for climbing into or out of the cab. Use it only to help push the door open or swing it shut.

WRONG

Door handle is not strong enough to support your weight

RIGHT

Instead, use handholds just inside door on either side of cab
