ALCOHOL KEEPS AIR LINES CLEAN

COLD WEATHER'S
COMING, SO I'D
BETTER MAKE
SURE THE ALCOHOL
EVAPORATOR
IS FULL!

Cold weather will turn any moisture in your truck's air brake lines into ice, blocking the lines. That leaves you brake-less.

So if your vehicle has an alcohol evaporator to keep moisture out of the air lines, make sure it contains the alcohol it needs to do the job.

NSN 6810-00-275-6010 gets a 5-gal can of technical methanol. NSN 6810-00-224-8353 gets a 55-gal drum.

Tarp for M1077/ISO Flatrack

The NSN shown for the tarp used on the M1077 and the ISO-compatible palletized flatracks in Figs 1 and 9 of TM 9-3990-206-14&P is wrong. Make a note until the TM is updated that NSN 2540-01-457-0049 brings the correct tarp.

M35A2/A3 Starter Switch

You won't find the 4-prong, spring-back starter switch for M35A2 and M35A3 trucks in paper versions of TM 9-2320-361-20P or TM 9-2320-386-24P. Get the switch with NSN 5930-01-334-2862. The switch is shown as Item 31 of Fig 56 in the May 01 version of TM 9-2320-386-24P on EM 0037.
