

REPAIRS MADE EASIER

THINK THIS TEXT FIX WILL WORK?

SOMEHOW I DON'T THINK SO!

Tentage repair kit, NSN 8340-00-262-5767, has been updated. It now comes with 3 yards of green coated-polyester fabric and 3 yards of tan coated-polyester fabric to repair polyester tents that are now in the system.

The cotton duck material that was originally furnished with the repair kit is no longer available.

IF YOU DON'T NEED THE ENTIRE KIT, YOU CAN GET THE FABRIC SEPARATELY...

| NSN 8305- | Fabric |
|-------------|-----------------|
| 01-238-0342 | Polyester green |
| 01-238-8076 | Polyester tan |

YOU CAN ALSO GET A ROLL OF GREEN REPAIR TAPE FOR SMALL REPAIRS ON POLYESTER OR COTTON DUCK TENTS AND TARPS WITH NSN 8340-01-423-6231.

IT'S 3 INCHES WIDE AND 50 FEET LONG.

IT HAS PRESSURE-SENSITIVE ADHESIVE ON THE BACK TO MAKE FOR EASY APPLICATION.

HERE'S HOW TO USE GREEN REPAIR TAPE!

- Spread out the tent or tarp on a flat surface.
 - Clean the areas to be patched. Brush off loose soil or dirt, then clean the area with a solution of mild detergent and water, rinsing with clean water.
 - Allow the fabric to dry completely.
 - Cut a circle from the tape slightly larger than the area you want to cover. The circle's rounded edge makes it less likely to peel off.
 - Flatten the tape completely against the outside of the fabric.
 - Allow the tape to set as long as you can. Overnight is best, but at least 30 minutes.
- Holes bigger than 2 inches in diameter should be repaired by DS with machine-sewn patches.

All You Ever Wanted to Know about TENTS*

The Defense Supply Center Philadelphia (DSCP) has a web site that can answer just about every question you can think of concerning tents and canvas.

The site, <http://ct.dscp.dla.mil/ctinfo/basecamp>, boasts the following information:

- Military standard tent products (information, parts breakdowns, pictures, price links and points of contact for more information)
- Set-up hints and accessories
- Search feature for other DOD tents
- History of canvas
- Description of combat fabrics and more.

This web site also notes the technical manuals that support each tent.
