

HEMTT...

Make Sure of the Tiedowns

Soldiers, do not use the side panel tiedown hooks to tie down cargo on HEMTT cargo trucks.

The side panel tiedown hooks are only strong enough to hold cargo covers in place, not cargo.

The tiedowns will break under a heavy load, which can cause injury or death to soldiers and damage cargo or the truck.

Only the tiedown eyes in the cargo bed floor are strong enough to secure cargo. The floor-mounted eyes are designed to hold as much as four missile pods or eight pallets.

Cargo cover (tarp) tiedowns are not strong enough to secure cargo

When hauling cargo, use cargo floor tiedowns
