

Take a Seat... Comfortably

When the driver's seat cushion in your ammo carrier wears out, it's a real kick in the pants. You can either strap a pillow in place to protect your posterior, or replace the entire driver's seat pan, NSN 2540-00-560-2169.

The pillow is a bit awkward and a new seat pan is pretty expensive, so most drivers suck it up and keep using the worn-out cushion.

Good news! Now you can put that cushion problem behind you by ordering just the seat cushion, NSN 2540-01-473-4063. It costs less than the entire seat pan, so you save money. Plus, the new cushion saves a lot of wear and tear on your backside.
