

DISPLAY SCREEN PROTECTION

There is a mountain of hand-held terminal units (HTU), AN/PSG-9(V)1 and (V)2, at the manufacturer for replacement of cracked display screens.

And guess what? Cracked screens are *not* covered under the warranty if it is determined to be other than fair wear and tear. The money for replacement comes out of your unit's pocket.

WHADDAYA
MEAN, *MY*
UNIT'S GOTTA
PAY TO FIX
ALL THESE
DISPLAY
SCREENS?!?

Protect those screens by putting on reinforcement modification kit, NSN 5895-01-483-2434. The kit includes an aluminum plate, two pieces of Velcro and installation instructions.

AT 50 BUCKS,
THE KIT'S A
BARGAIN
COMPARED TO
THE PRICE OF
REPLACING
AN HTU.
