

Shootin' in the Desert

YOU KNOW THE **STANDARD** RULES FOR TAKING CARE OF A RIFLE, PISTOL, OR MACHINE GUN IN THE DESERT...

Standard Rules

- Clean your weapon twice as often.
- Pay special attention to the surfaces of moving parts like the bolt carrier.
- Lightly lube only internal parts.
- Wipe down the outside of your weapon as much as possible.

- Clean your weapon twice as often.

- Lightly lube only internal parts

- Wipe down the outside of your weapon as much as possible.

BUT THERE ARE SOME **ADDITIONAL** TIPS FOR YOUR M16 RIFLE OR M4/M4A1 CARBINE...

Use the protective dust cap, NSN 5340-00-880-7666, the 30-round magazine bag, NSN 1005-00-193-8306 (that gets 500 abags), and M16 rifle cover, NSN 1005-00-809-2190, as much as possible to keep dirt out of the weapon and magazines.

Keep your ammo clean and clean the magazines before using them. Wipe out the magazines with a dry cloth and check for any damaged parts. But don't lube magazines. Lube attracts dirt and sand.
