

MOGMART'S SCHOOL OF MAGICAL PM

THIS TRIP
TO ENGLAND
IS *GREAT*,
SERGEANT
HALF-MAST!

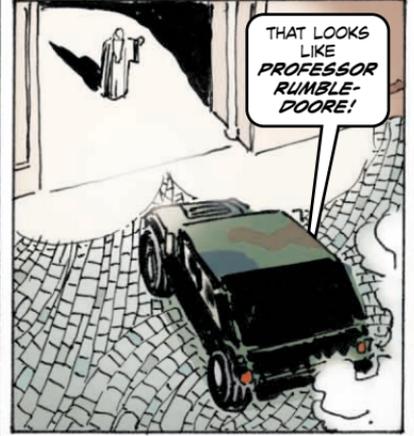

I ENJOY
VISITING
THESE
CASTLES,
BONNIE.

MOGMART'S
SCHOOL
OF
MAGIC

BUT, YOU SAID WE'D
SEE SOME *PRACTICAL*
USES OF PM.

AND SO
YOU SHALL,
CONNIE.

THAT LOOKS
LIKE
PROFESSOR
RUMBLE-
DOORE!

WATCH FOR
CROSSING
ELVES

HELLO CONNIE, BONNIE.

I INVITED MASTER SERGEANT HALF-MAST TO TOUR MOGMART'S TO SEE HOW WE TEACH PREVENTIVE MAINTENANCE.

SHALL WE CHECK OUT OUR FLYING CLASS FIRST?

ONLY IF I CAN KEEP MY FEET ON THE GROUND, PROFESSOR.

HELLO, MADAME HOUCHE. HERE ARE SOME FRIENDS FROM AMERICA. WOULD YOU TELL THEM ABOUT BROOM PM?

OF COURSE, PROFESSOR.

PM MUST BE DONE BEFORE EVERY FLIGHT. THE BROOMSTICK HAS THREE COMPONENTS; THE HANDLE, THE BRISTLES AND THE CONNECTOR CORDS.

LOOSE BRISTLES MUST BE REPLACED FACING THE SAME DIRECTION.

HANDLES MUST BE KEPT POLISHED AND SMOOTH. SPLINTERS MAKE FLYING MISERABLE.

CONNECTOR CORDS MUST BE CHECKED BEFORE EVERY FLIGHT.

LOOSE, FRAYING OR UNRAVELING CORDS CAN CAUSE SOME VERY HARD LANDINGS.

THANK YOU, MADAME HOUCHE. NOW WE WILL VISIT PROFESSOR MCDONAGAL'S CLASS ON WAND PM.

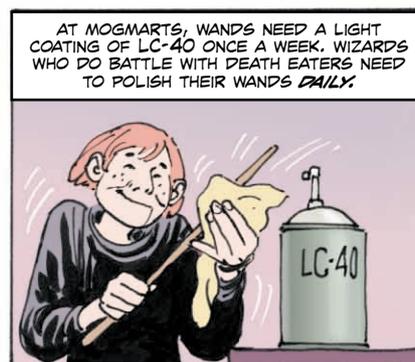

COME ALONG.

OUR FIRST YEAR STUDENTS MUST LEARN THAT MAGIC WANDS REQUIRE PM.

THESE IMAGES WILL MAKE IT CLEAR TO YOU. NOW... PAY ATTENTION, PLEASE.

AT MOGMARTS, WANDS NEED A LIGHT COATING OF LC-40 ONCE A WEEK. WIZARDS WHO DO BATTLE WITH DEATH EATERS NEED TO POLISH THEIR WANDS DAILY.

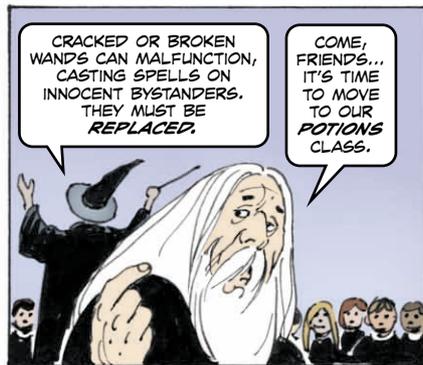

FAILURE TO POLISH ALLOWS THE WAND TO DRY OUT. USING A DRY WAND IN HIGH CAPACITY SPELLS CAN LEAD TO SPONTANEOUS COMBUSTION.

HOWEVER, IF YOU USE **TOO MUCH** POLISH YOU ARE MORE APT TO **THROW** YOUR WAND THAN CAST A SPELL.

KONK

OW

CRACKED OR BROKEN WANDS CAN MALFUNCTION, CASTING SPELLS ON INNOCENT BYSTANDERS. THEY MUST BE **REPLACED**.

COME, FRIENDS... IT'S TIME TO MOVE TO OUR **POTIONS** CLASS.

AH, HEADMASTER RUMBLEDOORE... WELCOME.

CLASS, THESE GUESTS ARE THE WIZARDS OF PM FROM AMERICA.

GOOD MORNING, PROFESSOR SNAPPY.

PERHAPS A STUDENT WOULD LIKE TO TALK ABOUT **POTIONS** PM FOR OUR ESTEEMED VISITORS?

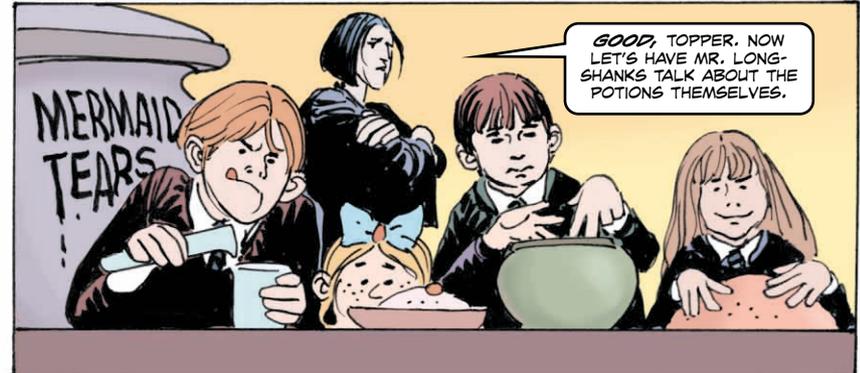

TOPPER ...WHAT ABOUT YOU?

AN IMPORTANT ISSUE IS TO KEEP THE POTIONS STORED **SEPARATELY**.

CONTAINERS MUST BE LABELLED **CORRECTLY**. THEY MUST NOT **LEAK**; AND LIDS MUST FIT **SECURELY**.

GOOD, TOPPER. NOW LET'S HAVE MR. LONGSHANKS TALK ABOUT THE POTIONS THEMSELVES.

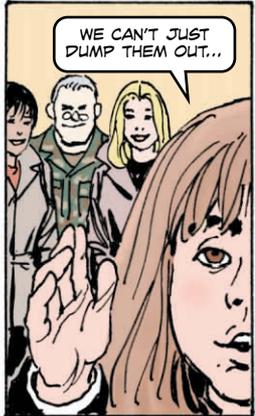

WELL... ER... IT'S IMPORTANT; I THINK... ER... TO USE **ONLY** THE AMOUNT... UM... CALLED FOR AND... AH... **DON'T** MIX THE POTIONS...

A FACT YOU'VE YET TO LEARN, LONGSHANKS!

PERHAPS, MISS RANGER, YOU CAN TELL US WHAT TO DO WITH USED POTIONS.

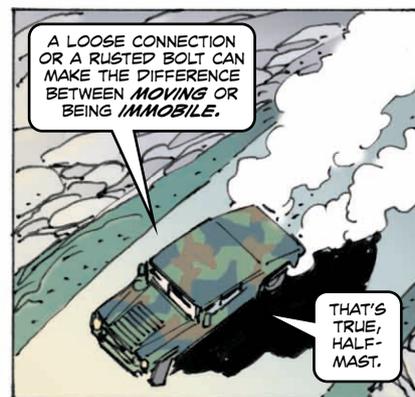

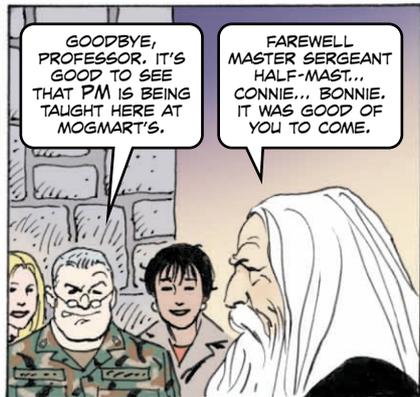

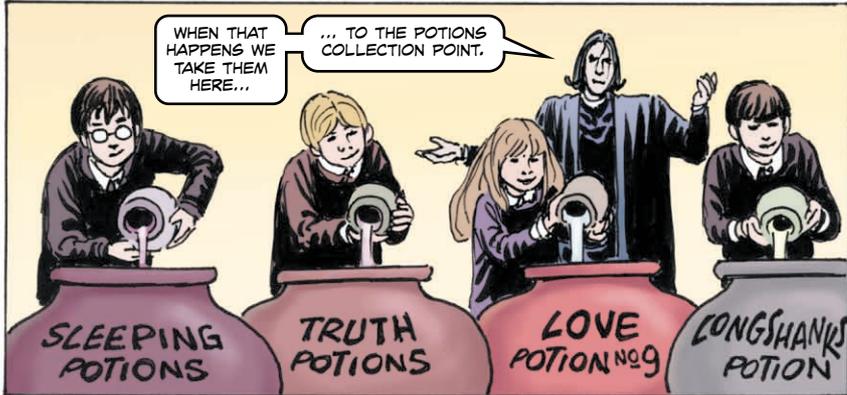

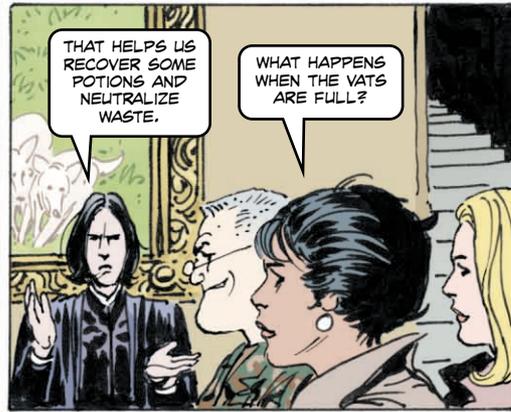

WE CAN'T JUST DUMP THEM OUT...

...THAT CAN BE BAD FOR PLANTS AND ANIMALS.

SO WE PUT USED POTIONS IN THE COLLECTION VATS.

WE SHOULD
HAVE A *MAGIC*
WAND—

SO YOU'D
LIKE TO FLY,
WOULD YOU?

HUMVEE
AERO-
NAUTICA!

CONNIEE!
