

GET PS TO THE TROOPS

The goal of PS Magazine is to help operators and unit-level maintainers perform better preventive maintenance. Unfortunately, it seems PS isn't getting down to the troops as much as it should.

Whatever the reason, when troops don't get PS, the unit loses a real maintenance multiplier. Maintenance tips, NSN changes, and other maintenance updates improve maintenance ops, train troops, and improve readiness—all at no cost to the unit.

Help PS help your unit. Get the pubs clerk to order enough copies. Get PS out of offices and into dayrooms and motor pools. See that PS is available for your soldiers to read—and use.

GETTING PS IN THE DESERT

Units which are deployed to Iraq and have APO AE addresses use the Army in Europe Publications System (AEPUBS) for their publication accounts.

To get PS Magazine delivered to their units, pubs clerks should follow AEPUBS instructions for *How Do I Establish a Deployed Publications Account?* on their website at:

<https://aepubs.army.mil>

While waiting for AEPUBS to start delivery of PS, units should have their stateside rear detachments repackage and forward the PS Magazines that are still being delivered there.
