

M16-Series Rifle, M4/M4A1 Carbine...

UNSTICKING STUCK PIVOT, TAKEDOWN PINS

It's hard to clean your M16 rifle or M4 carbine if you can't push out the pivot and takedown pins. But sometimes those pins stick and just won't budge.

Armorer's can use a small punch or screwdriver to help unstick pins. Rifleman can use a cleaning rod section.

You won't have trouble with stuck pins if you clean and lube both the takedown and pivot pins when you clean the rest of the rifle or carbine.
