

ANNUAL SERVICE KITS FOR LAND-BASED WEAPONS SYSTEMS

It's time to do the annual service on a vehicle, so the motor sergeant assigns a mechanic to do the service.

If the mechanic is lucky, the motor sergeant provides a list of the needed part numbers. If not, the mechanic will have to search the TM to see what parts need to be ordered. Then the mechanic turns the list over to the maintenance clerk to see if the parts are on hand or if they have to be ordered. That adds up to a lot of non-wrench-turning time.

Worse, maybe you've started the service, but discover a key part is missing. Maybe the part didn't get ordered, maybe it's just misplaced, or maybe someone else needed that same part and got to it before you did!

Don't you wish that all you had to do was order one NSN, and get all the needed parts? And, since you're wishing, wouldn't it be nice if they all came together in one box?

No "forgot to order the parts", no "lost parts", no "borrowed" parts and no lost time.

Good news! Now you can get your parts that way—it's called a KIT. The kits let you order everything you need for your services, rebuild, or RESET programs with just one NSN, and get it all shipped in one box or package. Open it and put on **100% of the replacement parts.** How easy is that!

How do you find these kits? That's the easiest part of all. Just go to the Land Kitting web page: <http://www.dscc.dla.mil/programs/kitting>
