

The Time Has Come

MECHANICS, WE HAVE THE WORD ON THE AVIATION VIBRATION ANALYZER (AVA) TEST SET, NSN 6625-01-282-3746!

AVUMS SHOULD DO **ONLY** THE UNIT-AUTHORIZED REPAIRS IN TM

The AMCOM head shed has a repair contract for AVAs. Any units needing their AVAs repaired should check out General-MIM-2006-009 for turn-in instructions and information.

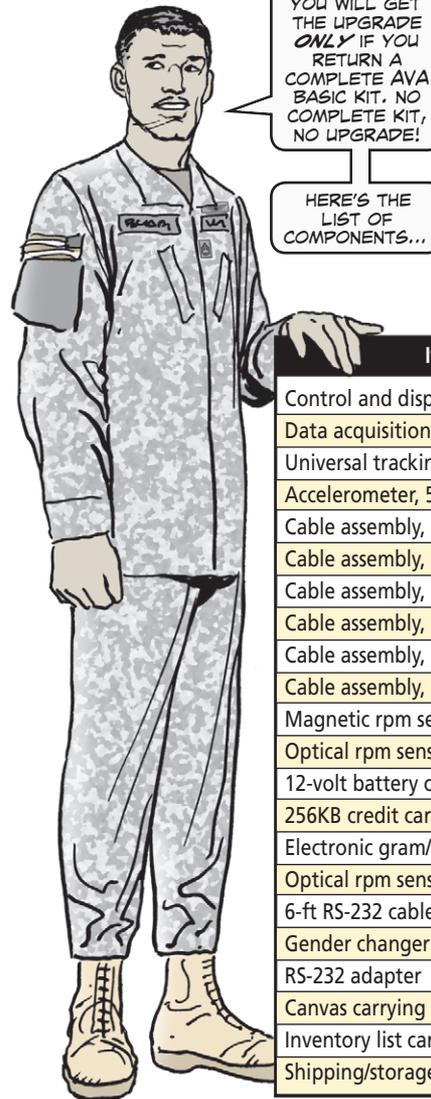

All version 6.01 AVA kits need upgrading to 7.01. Units supporting Operation Enduring Freedom (OEF) or Operation Iraqi Freedom (OIF) will get priority rapid turn-around if noted on the DD forms. Turn in complete kits to:

Smiths Industries Aerospace
14200 Roosevelt Blvd,
Dock A, Attn: Robert Byrne
Clearwater, FL, 33762

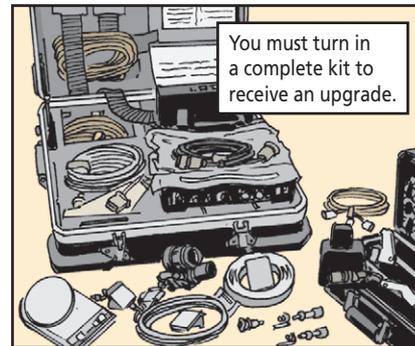

ANY COMPLETE KITS TURNED IN FOR REPAIR WILL GET THE NEW UPGRADE.

BUT MAKE SURE TO INCLUDE ALL PAPERWORK REQUIRED IN THE MIM.

YOU WILL GET THE UPGRADE **ONLY** IF YOU RETURN A COMPLETE AVA BASIC KIT. NO COMPLETE KIT, NO UPGRADE!

HERE'S THE LIST OF COMPONENTS...

You must turn in a complete kit to receive an upgrade.

Item	NSN/PN	QTY
Control and display unit	6625-01-325-3390	1 ea
Data acquisition unit	6695-01-325-3391	1 ea
Universal tracking device	6210-01-348-8252	1 ea
Accelerometer, 54 MV/G	6680-01-328-1913	1 ea
Cable assembly, 10-ft power cable	6150-01-327-6827	1 ea

Canvas carrying case	290860001	1 ea
Inventory list card	293212001	1 ea
Shipping/storage case assy	293288001	1 ea

If you have older AVA kits that need upgrading, ship them with DD Form 1149, *Requisition Invoice/Shipping Document*, or DD Form 1348-1, *Issue Release/Receipt Document*.

All AVA users who need to clean their equipment while deployed for OEF/OIF need to see TB 1-6625-200-20-1 for info.
