

COMMUNICATION EAR PLUG and HELMET SHELL

ALSE SHOPS,
CHECK OUT
TM 1-1680-377-138P
ON EM-0250 FOR
HELMET AND SHELL
NSNs!

New helmet is ready...no MWO required

ALSE techs, the HGU-56/P aircrew integrated helmet system (AIHS) has had its share of upgrades.

The latest upgrade is a welcome one because it means you no longer have to apply the MWO kit, NSN 5965-01-488-4332, to install the communication ear plug (CEP). The MWO was 1-8415-216-20-1.

The helmet now comes with the CEP pre-wired and pre-installed.

Keep in mind that the old helmets are good and will be issued until the current stock is exhausted from the supply system. Helmets with the CEP installed have new NSNs, but if you order a new NSN, you're likely get the old helmet as long as there are any in the supply system.

New NSN 8415-01-522-	Original NSN 8415-01-394	Size
5310	8032	XXS
5339	8033	XS
5344	8036	S
5347	8034	M
5348	8035	L
5364	6474	XL

Along with the new helmet assemblies, you'll get new spare parts to support the new helmet configuration.

FIRST, THERE IS A REPLACEMENT COMMUNICATION CORD THAT'S WIRED WITH THE CEP PIGTAIL FOR EASY CONNECTION.

SECOND, THERE ARE 4 NEW HELMET SHELLS THAT ARE PRE-DRILLED TO ACCEPT THE CEP CONNECTION.

New NSN	Original NSN	Size
5995-01-519-9234, communication cord with CEP connection	5995-01-391-9894, communication cord	one size fits all
8415-01-522-4961, shell, helmet with CEP hole pre-drilled	8415-01-394-8455, shell, helmet	Small (used on the S, XS and XXS helmet)
8415-01-522-4962, shell, helmet with CEP hole pre-drilled	8415-01-395-2190, shell, helmet	M
8415-01-522-4963, shell, helmet with CEP hole pre-drilled	8415-01-395-2191, shell, helmet	L
8415-01-522-4965, shell, helmet with CEP hole pre-drilled	8415-01-395-2192, shell, helmet	XL
