

Finding the Automatic Disposal List

ONE OF THE CHALLENGES FACING SERGEANTS WHEN THEY TRANSFER INTO A UNIT AND TAKE OVER THE SUPPLY ROOM IS FINDING EQUIPMENT ON-HAND THAT ISN'T NEEDED.

SAY, FOR INSTANCE, AN M51A2 JEEP.

Quite naturally you want to get rid of it ASAP. You don't want to wait for the approval of the National Inventory Control Point (NICP), and chances are, you don't have to.

The Army publishes the Automatic Disposal List (ADL) twice each year. If your excess equipment is on the list you have all the authority you need to turn in that unneeded equipment.

You'll find the ADL on the Army Knowledge Online (AKO) intranet portal. To get to the ADL (Spring 07) from AKO, click the folder icon called **FILES**, scroll down to the **SHORTCUTS** area, select **DOWNLOAD A DOCUMENT**, and enter the identification number: 7816940. You'll get an Excel spreadsheet with items listed by SOS. Be sure to check all the tabs at the bottom of the spreadsheet.

You can subscribe to notifications of ADL updates. Logon to AKO, change the URL to get the DA G-4 SUS Collaboration Center and click on the ADL Excel document:
