

SOLDIERING IS A ROUGH AND TUMBLE, UP AND DOWN, IN AND OUT, BELLIES IN THE SAND, BUSINESS.

# PM is the Great Limiter

SOLDIERS DON'T SPEND THEIR DAYS AT DAINTY TEA PARTIES LIFTING CHINA CUPS FROM PAPER DOILIES WITH A LITTLE FINGER IN THE AIR.

SOLDIERING IS A HARD-KNOCK LIFE. AND WHEN HARD KNOCKS HAPPEN, STUFF BREAKS.

THINGS GET DAMAGED. IT'S INEVITABLE. *YOU* KNOW IT. *WE* KNOW IT.

BUT CAN WE PUT LIMITS ON THE NUMBER OF THINGS THAT BREAK?

CAN WE PUT LIMITS ON THE AMOUNT OF EQUIPMENT DAMAGE?

YOU BET WE CAN! THE "GREAT LIMITER" IS PREVENTIVE MAINTENANCE, PM.

PM DRAWS A LINE IN THE SAND AND TELLS THE DEMON KNOWN AS EQUIPMENT VULNERABILITY; "THIS IS YOUR LIMIT. DON'T CROSS THAT LINE!"

YES, ALL EQUIPMENT IS VULNERABLE TO WEAR AND TEAR.

AS WE SAID, SOLDIERING IS A ROUGH BUSINESS. NOTHING LASTS FOREVER.

BUT EQUIPMENT DOESN'T NEED TO DIE BEFORE ITS TIME EITHER!

SO, DO PM ON EVERYTHING THAT MOVES, SHOOTS OR COMMUNICATES.

IN FACT, DO IT ON THE THINGS THAT SIT, DON'T FIRE AND DON'T SPEAK, TOO, LIKE TENTS, SHELTERS AND CLOTHING.

IF YOU DO PM *NOW*, YOU'LL SAVE REPAIRS *LATER*.

WITH THE TIME YOU SAVE, YOU MIGHT HAVE TIME FOR THAT TEA PARTY: *PINKIES IN THE AIR!*
