

Just Where Should PS Magazine Be Found in a Unit?

Dear Editor,

I've been trying to get our unit publications up-to-date and part of that is establishing a PS library.

I think it would be helpful for PS to do an article about where the magazine should be found in a unit. All too often I see the entire box of PS, whether it's five copies or 50, go straight to the *motor pool*.

You and I know that copies should also go to the *arms room*, the *commo section*, the *CBRN room*, the *supply room* and the *commander's, first sergeant's and platoon leaders' offices*. It would be helpful if you'd mention in the magazine where the magazine should be distributed.

Camp Red Cloud, Korea

Editor's note:

Your ideas are right on target. Commanders might also make copies available for pickup in the *orderly room* and the *dayroom*.
