

# FIRE EXTINGUISHER SQUIBS IN STOCK

Mechanics, the once hard-to-get fire extinguisher squibs for your Chinook are now available in the supply system.

Just order the extinguisher squibs with NSN 1377-01-185-2622 and NSN 1377-00-172-0428.

And there's more good news. When the shelf life or service life of the squibs expire, don't discard them after removal. The Rock Island head shed wants squibs returned so they can determine whether they can extend their shelf or service life for reuse.

To get the shipping information for expired squibs, contact the quality assurance manager, \_\_\_\_\_, DSN 793-7584, (309) 782-7584 or email:
