

Bolt Cutters...

RETURN OF JAWS

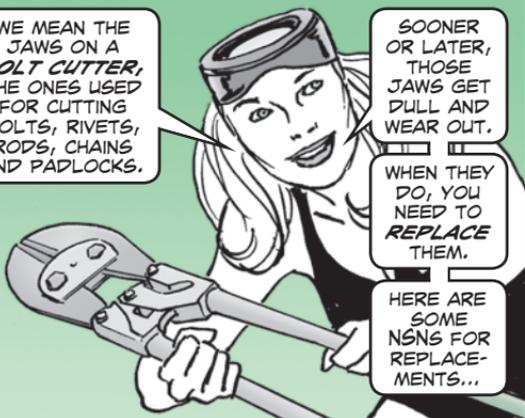

WORRIED ABOUT JAWS?

NO, WE *DON'T* MEAN THOSE GREAT WHITE SHARKS IN THE MOVIES...

...THE ONES THAT PROWL THE OCEANS ACCOMPANIED BY SINISTER MUSIC...

...AND SINK FISHING BOATS AND MUNCH ON SEAFARERS AND TERRORIZE BEACH BUMS WHO LACK THE GOOD SENSE TO STAY OUT OF THE WATER.

WE MEAN THE JAWS ON A **BOLT CUTTER**, THE ONES USED FOR CUTTING BOLTS, RIVETS, RODS, CHAINS AND PADLOCKS.

SOONER OR LATER, THOSE JAWS GET DULL AND WEAR OUT.

WHEN THEY DO, YOU NEED TO **REPLACE** THEM.

HERE ARE SOME NSNs FOR REPLACEMENTS...
