

ALSO...

SAY GOODBYE TO HELMETS

ALSO TECHS, IF YOU'RE STILL ISSUING THE SPH-4 SERIES FLIGHT HELMETS TO AIR CREWMEMBERS, **STOP!**

THEY'RE HISTORY.

NOW THAT FIELDING IS COMPLETE FOR THE AIRCREW INTEGRATED HELMET SYSTEM, HGU-56/P, THE AVIATION LIFE SUPPORT EQUIPMENT SCHOOL WILL **NO LONGER** TEACH REPAIR AND MAINTENANCE OF THE SPH-4 HELMETS.

THE **ONLY** HELMET AUTHORIZED FOR AVIATION FLIGHT IS THE HGU-56/P BECAUSE IT PROVIDES IMPACT, HEARING, AND EYE PROTECTION THAT'S BETTER THAN THE OLD HELMETS.

ALSO TECHS SHOULD TURN OLD HELMETS IN TO THE SUPPLY SYSTEM.
