

PUT AWAY THE PIN

DON'T FORGET TO STOW MY QUICK RELEASE PIN AND LOWER MY GRILLE...

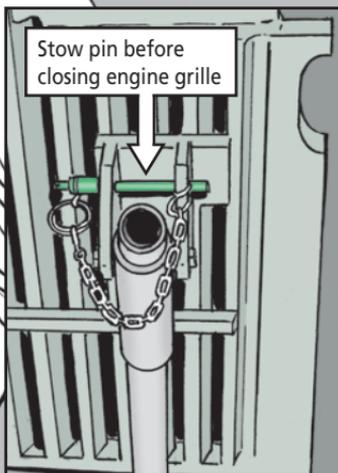

CREWMEN, WHEN CLOSING THE ENGINE ACCESS GRILLE ON YOUR HOWITZER OR AMMO CARRIER, MAKE SURE YOU PUT AWAY THE GRILLE SUPPORT ARM'S QUICK-RELEASE PIN FIRST.

IF THE PIN, NSN 5315-00-878-5269, AND CHAIN HANG FREE, THEY CAN BE BROKEN OR CRUSHED WHEN THE GRILLE IS CLOSED.

THE NEXT TIME YOU OPEN THE GRILLE, THERE'S NO WAY TO SAFELY ATTACH THE SUPPORT ARM TO HOLD UP THE GRILLE.

Stow pin before closing engine grille

ONCE YOU'VE SECURED THE PIN, MAKE SURE YOU LOWER THE GRILLE GENTLY.

LETTING IT SLAM CLOSED IS A SURE WAY TO LOOSEN OR BREAK THE SUPPORT ARM WHERE IT ATTACHES TO THE HULL.

Slamming grille can break support arm here
