

Move Camo Net Systems from MTOE to CTA

Units, you need to move the camouflage net systems listed in the table below from your Modified Table of Organization and Equipment (MTOE) to the Common Table of Allowances (CTA) 50-909.

Note that this is only a transfer of material from the MTOE to the CTA. When some of you saw these camo nets come off your unit's MTOE, you tried to turn them in! Not so fast. Keep any on-hand net systems unless otherwise instructed by higher HQ.

Note: Only the first two LINs listed are still active. The other LINs are terminal items that are still good, but are no longer stocked or procured. The old nets will keep their LINs/NSNs for property book purposes.

LIN	Nomenclature
C89361	Camouflage net system radar transparent: AN/USQ-160
C89480	Camouflage net system radar scattering: AN/USQ-159
C89145	Camouflage screen system: Woodland lt wt radar scat w/o spt sys
C89179	Camouflage screen system: Woodland lt wt radar tran w/o spt sys
C89070	Camouflage screen support system: Woodland/desert
C89213	Camouflage screen support system: Woodland/desert plastic poles
C89085	Camouflage screen system: Desert lt wt radar scat w/o spt sys
C89115	Camouflage screen system: Desert lt wt radar trans w/o spt sys
C89128	Camouflage screen system: Snow lt wt radar scat w/o spt sys
C89130	Camouflage screen system: Snow lt wt radar trans w/o spt sys
C89064	Camouflage screen support system: Snow
