

Annual Service Kits

Dear Half-Mast,

Is there a list of NSNs for the annual service kits to perform services on the FMTV (AO and A1) vehicles?

SGT F.J.T.

**YOU BET,
SERGEANT F.J.T.!**
HERE ARE THE ANNUAL
SERVICE KITS...

BY THE WAY, YOU'LL FIND THIS LIST OF SERVICE KIT NSNS AT:
<http://www.dscclia.mil/programs/kitting/search.aspx>

Yellow Safety Paint

Use NSN 8010-01-019-1776 to get a 5-gal container of yellow safety paint. This water-based latex is used to paint guide marks and warning lines inside your motor pool. It's non-flammable and presents fewer health and safety hazards than the old oil-based paint. Before disposal, check with your environmental safety office for state or local regulations on latex paint waste.

M872A4 Dock Bumper

To get a dock bumper for the M872A4 34-ton semitrailer, use NSN 5340-01-499-4186. Make a note until this NSN is added to Fig 21 of TM 9-2330-331-14&P.
