

New Tool Cart Available

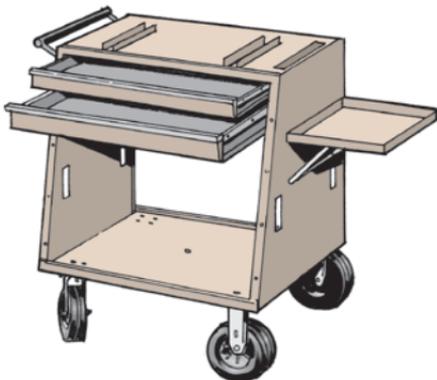

A NEW MOBILE TOOL CART CALLED THE MILITARY CART, ARMSTRONG TOOL (MCAT) IS NOW AVAILABLE.

IT IS SPECIFICALLY DESIGNED FOR THE GENERAL MECHANICS TOOL KIT (GMTK), AND CAN ALSO BE USED FOR OTHER TOOL KITS THAT COME IN THE ARMSTRONG/ PELICAN TOOL CHEST.

Here are some of the features of the cart:

- Tool chest can easily be positioned in the top or bottom of the MCAT
- Removable mounting rails provide a large, versatile work surface area
- Recessed area for small parts and hardware
- Side work surface with a 50-lb capacity can be mounted on either side of MCAT at two height locations
- Two roller-bearing slide drawers, each with 75-lb capacity, can be locked with a bar
- Powder-coated, 14-gauge industrial grade steel with welded construction can withstand harsh environments
- 8-in semi-pneumatic wheels provide easy movement and 1,000-lb load rating
- Large, open bottom for multiple storage options
- Push handle can be mounted on either side

Accessories available for the MCAT include:

- laptop stand
- creeper
- magnetic tool holder
- third drawer
- power strip
- mechanic's rolling stool
- fully pneumatic tires
- multi-cavity drawer organizer
- other accessories available

Order the MCAT using NSN 5140-01-586-3669. For more info about the MCAT, contact Armstrong Tools at 1-800-234-0838, or email: militarytools@apextoolgroup.com
