

Plastic Water Cans...

Show Courtesy to Cans

THANK YOU, DAHLING.

MY PLEASURE.

A WATER CAN APPRECIATES THAT.

YOU ALSO KEEP ME OFF THE FROZEN GROUND.

YOU KNOW I'LL ALWAYS SET YOU ON PLANKS OR PALLETS.

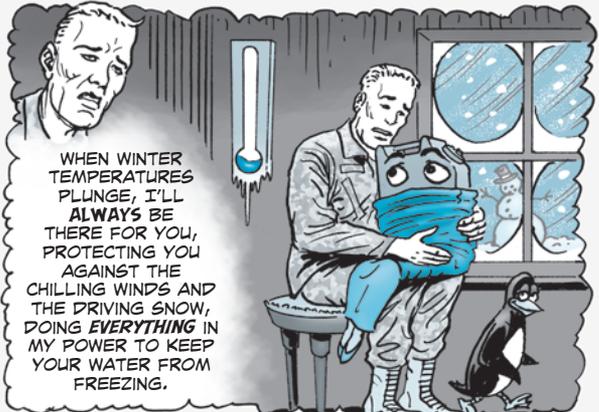

OR ON A COMFORTABLE CHAIR IN A FIVE-STAR RESTAURANT?

YOU'RE A TRUE GENTLEMAN.

YOU KNOW JUST HOW TO TREAT A WATER CAN.

TREATING YOU WELL IS A DELIGHT AND NEVER A CHORE.

WHEN WINTER TEMPERATURES PLUNGE, I'LL ALWAYS BE THERE FOR YOU, PROTECTING YOU AGAINST THE CHILLING WINDS AND THE DRIVING SNOW, DOING EVERYTHING IN MY POWER TO KEEP YOUR WATER FROM FREEZING.

HEY, C'MERE!

WHATSA MATTER? CAN'T STAND THE HEAT?

AND-HEAVEN FORBID-EVEN IF YOU SHOULD FREEZE, I WON'T SET YOU CLOSE TO A HEATER OR FIRE. I'D NEVER FORGIVE MYSELF IF YOUR PLASTIC MELTED.

OH! THERE'S A SLIGHT DRAFT!

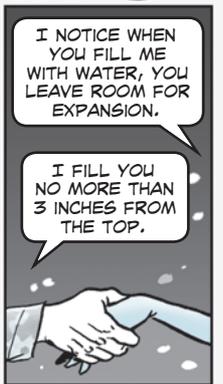

ALLOW ME TO WARM YOU WITH THIS INSULATED WATER CAN COVER.

NSN 7240-00-125-9061

THERE! YOU LOOK ABSOLUTELY RAVISHING IN YOUR NEW OLIVE DRAB COVER, MY DEAR.

YOU ALWAYS SAY THE NICEST THINGS.

I NOTICE WHEN YOU FILL ME WITH WATER, YOU LEAVE ROOM FOR EXPANSION.

I FILL YOU NO MORE THAN 3 INCHES FROM THE TOP.

AND DO YOU PROMISE TO KEEP ME OUT OF THE COLD, MERCILESS WIND?

MY DEAR, I PROMISE YOU A WARM, COZY RETREAT INSIDE A TENT OR VEHICLE.

OR INSIDE A RESTAURANT?

NOW THIS IS REALLY HOW TO TREAT A PLASTIC WATER CAN, DAHLING!
