

Rail Bracket, Grip NSNs Change

Dear Half-Mast,

We tried to order the forward rail bracket, NSN 1005-01-541-2476, and forward grip/bipod, NSN 1005-01-541-1772, for our M16s, but the AMDF shows those NSNs as terminal items. And those are the NSNs listed in the AAL of TM 9-1005-319-10 and the auxiliary equipment section of the -23&P. Are those items still available?

SSG M.B.

Dear Sergeant M.B.,

Those NSNs have changed. Order the forward rail bracket with NSN 1005-01-562-1866 and the forward grip/bipod with NSN 1005-01-563-8451.

Armorsers, it may be some time before these NSNs are corrected in the TMs, so make a note of the changes.

Half-Mast

Forward rail bracket,
NSN 1005-01-562-1866

Forward grip/bipod,
NSN 1005-01-563-8451

**Got
JCAD?
Keep
M42
Alarm**

HEY, WAIT A MINUTE! DON'T TURN IN THE M42!

YEAH! HE'S GONNA NEED ME!

CBRN specialists, when you get the new JCAD (joint chemical agent detector), NSN 6665-01-552-2704, you should turn in the M22 ACADA (alarm, chemical agent, automatic) or M43A1 chemical agent detector.

But don't turn in the M42 alarm, NSN 6665-00-859-2215. You will need it for the JCAD. Turn in the M42 only if it's excess.

If you have questions, contact TACOM's Lonnie Boyd at DSN 786-1559, (586) 282-1559, or email: lonnie.boyd1.civ@mail.mil
