

From GPS to PMCs!

MANY OF US USE GPS IN OUR POVS TO GET FROM POINT A TO POINT B. THESE LITTLE GADGETS AREN'T PERFECT, BUT THEY SURE BEAT **GUESSING** THE BEST ROUTE TO TAKE OR **STRUGGLING** TO REFOLD THOSE OLD PAPER MAPS.

LIKE GPS, TMS KEEP YOU HEADED IN THE **RIGHT DIRECTION**. THEY ARE THE MAPS TO YOUR EQUIPMENT, GUIDING YOU THROUGH THE PROPER STEPS TO GET TO YOUR FINAL DESTINATION: **EQUIPMENT THAT WORKS RIGHT WHEN YOU NEED IT**.

BUT, JUST LIKE GPS MAPS NEED **UPDATING**, SO DO TMS. UNITS, CHECK THAT YOU HAVE **ALL** THE LATEST TMS FOR YOUR EQUIPMENT.

THE LOGISTICS SUPPORT ACTIVITY (LOGSA) IS THE **ONLY** OFFICIAL DESIGNATED REPOSITORY FOR ARMY EQUIPMENT TMS, EXCEPT FOR ENGINEERING AND MEDICAL PUBS.
