

# HELP US HELP SOLDIERS!

Like most of the Army, *PS* has been hit by budget cuts. Unfortunately, that has limited our TDY trips and hampered how we've researched articles for more than 63 years. Visiting units was how we kept up-to-date on equipment problems.

Now we need to "think outside the TDY box" to keep articles flowing. To do that, we invite Soldiers, DACs and Army contractors to continue sending in their great ideas. But we also want to nudge the go-to folks who help answer many of our readers' questions.

Are you a subject matter expert on specific Army equipment or systems, in charge of an official publication, or perhaps an item manager who knows the quirks, repair or supply issues that come with a particular item?

Could the frequently asked questions you get from the field be reduced by publishing that information in *PS Magazine*, an official technical bulletin that reaches thousands of Soldiers worldwide? If so, send us your ideas and we'll take it from there. Knowledge is power, so help us keep our Army strong. **HOOAH!**
