

STORAGE SOLUTIONS SHOW SOLDIER SAVVY

Your mission has ended. That's the good news. But you have a bunch of equipment to recover and load. That doesn't have to be bad news if you're smart about storage solutions.

Here are some products that can improve vehicle recovery, logistical support and transportation of supplies.

Collapsible Container System

A plastic, weather-resistant collapsible container kit for short- or long-term storage comes with NSN 8145-01-562-9283. The kit has two containers, weighs 115 pounds and measures 48x40x30 inches. It stores conveniently inside a MILVAN.

Collapsible container system...

All it takes is a forklift operator and two ground guides to load an entire MILVAN with 15 kits (30 containers). No blocking or bracing is needed. The kit's containers come with four custom-sized pallets, two collapsible sleeves, and eight ratchet-straps, NSN 8145-01-522-8341. It's designed to carry up to 800 pounds of cargo. The containers will last many years even with daily use.

...fits snugly inside MILVAN

MILVAN Strap Kit

The MILVAN strap kit, NSN 8145-01-524-7267, is designed specifically for the 20-ft MILVAN. One storage bag comes with eight 1-in cargo tie-down straps, and sixteen 1-in x 14-ft ratchet straps.

The kit's second storage bag has eight 1 3/4-in cargo tie-down straps and eight 1 3/4-in x 20-ft ratchet straps.

MILVAN strapping kit secures load inside MILVAN

Cargo Tie-Down Kit

Scattered cargo is the last thing a driver wants to see in his rearview mirror.

To secure a load in place, use a 1-in cargo strap tie-down kit that comes with NSN 8145-01-522-8344. This kit includes a storage bag, four green nylon 1 3/4-in straps with fixed double-bar D rings and a 2-in nylon snap hook.

Also included with this kit is a 1 3/4-in x 20-ft nylon ratchet strap with a fixed 2-in snap hook. All of these items fit quickly back into the storage bag after each mission.

Cargo tie-down kit can be used to secure load to a vehicle or flat rack

Vehicle Recovery Strap

A 3-in x 27-ft vehicle recovery strap with shackles is now available with NSN 8145-01-533-5613.

The break strength of the recovery strap is 43,000 pounds. It's designed to be used as a cargo/vehicle recovery strap for short distance recovery operations only—not long distance towing. Also, this strap is not intended as a replacement for the Army's official tow bars.

Vehicle recovery strap is for short distance recovery only
