THERE'S SOME **CONFUSION** IN
THE FIELD ABOUT HOW TO
REQUISITION AND ACCOUNT FOR
CLASSIFIED AND UNCLASSIFIED
COMMUNICATIONS SECURITY
(COMSEC) EQUIPMENT.
HERE'S THE SCOOP!

Classified COMSEC Equipment

Property book officers (PBOs) are not authorized to directly order classified COMSEC equipment through traditional supply channels. All COMSEC equipment (items with controlled inventory item codes [CIICs] of C, D, E, F, S or T) must be requisitioned by the COMSEC Account Manager. For more info, including equipment training, visit the CSLA website at: <http://csla.army.mil/>

Got classified COMSEC questions? Contact the Communications Security Logistics Activity (CSLA) at 1-800-662-2123, or email: csla.huac.csc@mail.mil

Unclassified COMSEC Equipment

The process is different for ordering Controlled Cryptographic Items (CCIs) (items with CIIC of 9) or Cryptographic High Value Products (CHVPs) (items with CIIC of 7).

CCI/CHVP requisitions should go through unit PBOs to maintain equipment visibility from the time of receipt until disposal. CSLA has a special website for CCI/CHVP orders. PBOs can go to the Army's Information Systems Security Program (ISSP) website: <https://issp.army.mil>

Once registered, PBOs can upload a copy of their appointment orders to the website and follow the instructions there.

For unclassified COMSEC equipment help, contact CSLA's ISSP customer support at DSN 879-1829, (520) 538-1829, or email: csla.huac.issp@mail.mil
