

PM PROPELS PERFORMANCE

ALL RIGHT, LADIES AND GENTLEMEN! THIS IS YOUR PLAYBOOK!

IT SHOWS YOU HOW TO GET THE BEST OFFENSE...

...BY MAKING SURE YOUR DEFENSE IS IN TIP-TOP CONDITION!

"The best offense is a good defense." Ever heard that saying? Successful sports teams like to say that, meaning that if the other team doesn't score much (or at all), it's a lot easier to win.

Translate that to winning on another field—the battlefield. If the enemy can't beat your defense, he's not going to win many battles.

So how do you toughen up your defense for the battlefield? By constant application of preventive maintenance to your vehicles and equipment.

While military tactics deploy Soldiers and equipment as situations dictate or where advantage can be gained, it is the condition of equipment that holds the line and helps carry the mission.

Would you stake your life right now on the condition of your equipment?

If there's any doubt, get out the operator and maintenance pubs for your equipment and do what they tell you. Just as the pros like their chances of winning when the defense is top-notch, our chances greatly improve when your defense is PM.
