M240L Long Barrel OK For M240B

WHY D'YOU GOT THAT LONG BARREL ON YA? WE DON'T USE 'EM ANYMORE.

MWO 9-1005-313-23-4 replaced the M240L long barrel with a short one to increase the M240L's usefulness.

But that doesn't mean those long barrels, NSN 1005-01-549-8497, no longer have a purpose. The Army has authorized them for the M240B. Use them on the M240B until they fail gaging. If you don't have the M240B, transfer the long barrels to a unit that does.
