## Decals...

ALFRED?  
BETTY?  
CHARLIE?

Hey, radio operators, the phonetic alphabet is used to make your life easier. But sometimes trying to remember whether it's Baker or Bravo or Delta or Dawn can put a strain on the brain.

Stop the strain with a phonetic alphabet decal, NSN 7960-00-243-9103. That NSN brings you 100 for about 30 cents per decal. That's a bargain.

The rectangular decals are 2 3/4 inches long and 1 1/2 inches tall. Stick them on or near your telephone or radio. Hotel, Mike,... Out!
